

Reds Move Faster on Atom Bomb

Dr. Harold Urey, Nobel Prize Winner, Stirs U. S. by Announcing Soviet Progress

No Secret Now

Would Fire Security Officers in Plants and Laboratories

Philadelphia, Oct. 22 (AP)—A Nobel Prize winning scientist pitched a verbal bombshell at the American people today. He said the Russians are moving faster than the U. S. in atomic development and soon may be ahead of us.

And Dr. Harold C. Urey, the scientist honored for discovering heavy hydrogen, had a ready-made reason.

The U. S. is too concerned about military secrecy.

"It is time that we take stock of this situation and recognize it for what it is," Dr. Urey declared. "And it is time that we stop which hunting about the 'secrets' which obviously now does not exist."

He gave his views at a news conference yesterday. So did Lt. Gen. Leslie R. Groves, wartime atomic research chief.

Dr. Urey said "I would fire every security officer in every atomic plant and laboratory in the United States with the exception of Los Alamos." (Los Alamos was excepted, he said, because of its military detail value.)

Children, says Groves

"Children," scoffed Gen. Groves. The general said U. S. atomic secrecy since World War II was needed to give European nations "breathing time for recovery. We would have shortened the time for Russian discovery of the atom bomb by making our information available."

Dr. Urey said that if the U. S. did not abandon (1) atomic secrecy and (2) congressional "witch hunts," the Russians will soon forge ahead of the U. S. in atomic know how and the number of atom bombs.

Regarding Congress, Dr. Urey said "It has been very difficult to take any courageous stand in regard to anything connected with atomic energy as long as committees of Congress of the United States continually impugn the integrity and motives of scientific groups."

Long as attacks are made against a group, of a most unjustified character, the group cannot do anything to try to defend itself."

Two other scientists got into the act, writing in the bulletin of atomic scientists.

U. S. Falls Behind

Dr. Frederick Seitz, professor of physics at the University of Illinois, said in a short time the Russians will have learned all that U. S. scientists know of the atom bomb.

"It is far better," he went on, "that we focus attention on the acquisition of new knowledge and new techniques and run the small danger that some of this knowledge will be obtained by the Russians before they discover it themselves."

Said Dr. Eugene Rabinowitch, professor of botany at Illinois: "Not only is our leadership in atomic offense threatened; we are even more in danger of falling behind the Soviet Union in our capacity for defense."

Rain and Wind Shifting East Over Great Lakes

(By The Associated Press)

Rainy, windy weather, accompanied by sharp drops in temperature passed over the Great Lakes region today and drove eastward rapidly.

The storm was pushed along on west winds which reached 63 miles an hour at Glendwin, Minn., and developed 43 to 50 mile velocity just north over northern Illinois.

Behind the disturbance, temperatures were rising in the northern Rockies and northern plains after sub-freezing values. The southern plains and the southern Rocky Mountain region had one of the coolest nights this fall. The mercury reached 14 degrees at Otto, N. Mex., 15 at Eagle, Colo., and 27 at Golden City, Kan. In Chicago, the temperature dropped from 67 to 52 in a few minutes.

It was still mild along the Atlantic seaboard and on the Gulf coast.

Some snow, mixed with rain, fell in the Lake Superior region. The heavy rains in the Mississippi valley, which doused Springfield, Mo., with 5.48 inches, late yesterday, had moved on eastward. Rivers which went out of their banks in western Missouri, flooding highways and rail lines, were easing to lower levels.

Two Desperadoes Killed in Break At Phoenix Jail

Crippled Watchman Shoots One of Five Men in Dash for Freedom; One Makes It

Phoenix, Ariz., Oct. 22 (AP)—Five Arizona desperadoes smashed out of the midtown, fifth-floor county jail early today, and two fell dead under a blast of gunfire before they could get out of the courthouse.

At least one of the prisoners was killed by a crippled night watchman whom they had disturbed reading in a ground floor room.

The watchman, Tom Stowe, may have shot the second, but so many sheriffs' deputies were flying by that time that no one could be sure who hit him.

Two of the jailbreakers were captured on a stairway between the second and third floors. The fifth, Jack L. Tatum, 26, crawled out of a courtroom window and got away.

A deputy sheriff was shot in the mouth by one of the prisoners. Killed were two Arizona prison punks who were charged with murder not long after release from the penitentiary. They were Edward Corcoran, 33, and Edward McEwen, 32. Both were awaiting trial.

The search for Tatum turned downtown Phoenix into a lull in the early morning hours. Sheriff's deputies roped off the courthouse grounds to keep several hundred spectators out of the range of possible gunfire. Five trucks splashed their searchlights over the building and shadowy grounds. Road blocks were thrown up throughout the city.

The prisoners staged their break about 1:15 a. m. (M.S.T.) W. A. Millett, jailer, said Tatum asked him for aspirin. When he opened their cell door, the prisoners jumped him.

Take Automatic Pistol

Leaving Millett locked in the cell, the prisoners picked up an automatic pistol in the jail office and entered an elevator.

"They got out on the second floor and broke a glass door, Corcoran, McEwen and Tatum started down the stairs to the ground floor.

Stowe, who had heard the breaking glass, came out of the record room to investigate.

"I started up the stairs and three of them jumped me," he said. "One had a gun and hit me on the head. I shot one. Then I saw one of them on the steps. I shot him."

36 Candidates Tripped By Election Law Blocks

Albany, N. Y., Oct. 22 (AP)—Stumbling blocks in New York's election law have tripped at least 36 candidates for local offices this year.

Justice Clifford H. Searl of State Supreme Court says the law contains "ambiguities that might raise questions in the nominations of all independent candidates in the state."

Ten of the 36 office seekers have been denied ballot space. The other 26 made the ballot, but lost a party nomination. Contests for supervisor, alderman and the like were involved generally.

A whole ticket was at stake in the case that drew Searl's complaint.

In a memorandum issued at Syracuse yesterday, Searl urged the 1950 Legislature to clarify the law as it pertains to independent nominations.

For instance, he said the dead-line for filing out nominating pe-

2 Youths Charged With Truck Theft

Arrested After Vehicle Overturns; Are Held for Grand Jury

Two 16-year-old Stone Ridge boys were arrested early this morning after a pickup truck they allegedly had taken without permission overturned near Pine Bush, state police reported.

The youths, identified by state police as Frank Robert Scully and Fred George Spongia, Jr., were arraigned before Justice of the Peace Percy Bush of the town of Ulster on charges of unauthorized use of a motor vehicle. They waived examination and were ordered held for grand jury action.

According to a report made by troopers of the Lake Katrine substation, Sarah Mae Read of Stone Ridge reported at midnight last night that a 1949 pickup truck was stolen from her garage by the two Stone Ridge boys. A teletype alarm was sent out, and at 12:30 the youths were picked up by troopers of the Wurtsboro station.

The boys were arrested after they had turned over the truck on Route 302, the Pine Bush-Hilltown road. Wurtsboro troopers said Scully was reported slightly injured and was treated at a physician.

Truman on Cruise

Washington, Oct. 22 (AP)—President Truman was cruising down the Potomac today and putting the final polish on a foreign policy speech.

The presidential yacht, Williamsburg, anchored last night at Blackstone Island. Mr. Truman's party will return to Washington today afternoon. The foreign policy speech is to be delivered Monday at the laying of the cornerstone of the United Nations building in New York.

Patch Leaves Prague

Prague, Oct. 22 (AP)—Isaac Patch, 37, American embassy attaché expelled by the Czechoslovak government on charges of leading an anti-state espionage ring, left Prague today for Germany. The career diplomat, who was given 24 hours to get out of the country yesterday, drove to Nuremberg with his wife and three young daughters. Patch characterized the charges of the Communist-led government as "absolutely baseless."

Must Work as Team

Sasscer, like Short, a navy sympathizer, declared: "The important thing is to get the armed services working as a team. We have got to be careful to keep away from any elimination or purges."

Johnson, in his friendly but uncompromising tone, said before the committee, said the former civilian head of the navy quill because.

"Mr. Sullivan was not for unification and would not support unification."

He submitted his letter of resignation to the President—a day or two before I was sworn in—because I told him there was no room on my team on the civilian side of the defense establishment for any person who was not enthusiastically for unification."

That brought a sharply-phased denial from Sullivan, who was in Boston attending a college reunion.

"I worked hard for unification while I was secretary of the navy," he declared in a statement.

Top navy admirals, contend that they are being denied "full partnership" in the joint chiefs of staff and are being "counted out" in defense councils, to the detriment of national security.

In their appearances on the stand, the navy officers indicated that their main quarrel is with the way the unification law is being carried out, rather than with the law itself.

"Nevertheless, there was speculation that Johnson had been in mind when he said he wanted no opponents of unification on his team."

Bolton Landing, N. Y. Oct. 22 (AP)—State troopers donned diving suits yesterday in another effort to recover the body of 18-year-old Robert Siersted who drowned in Lake George August 30.

Siersted, whose home was in Queens Village, L. I., fell from a canoe. A companion, Palmer Lufkin, 14, also of Queens Village, told police that he saw Siersted go under and dived at the spot several times in an unsuccessful effort to reach him. Capt. Joseph Troop, commanding officer of Troop C, said yesterday's efforts were made as routine before the water became too cold for diving.

Rep. Short Asks No Reprisals Over Airing Navy Grievances

Washington, Oct. 22 (AP)—Talk that military purges may be in the wind as a result of bitter armed forces disagreement over unification brought sharp words of caution today from two House members.

Reps. Short (R-Mo.) and Sasscer (D-Md.) spoke up in the wake of spreading reports that some heads may roll in the Pentagon as an aftermath of the congressional hearings which wound up yesterday.

Those reports received impetus from Secretary of Defense Johnson's statement to the House Armed Services Committee yesterday that it was failure to support unification which resulted in the resignation of former Secretary of the Navy John L. Sullivan—a statement Sullivan promptly denied.

Short, expressing concern over the rumors, said he intends to see to it that Johnson sticks to personal assurances that there will be no reprisals over airing of navy grievances.

"If they think they can get unification by ruthlessly eliminating opposition, they've got another thing coming," he told reporters.

"Everything can be worked out all right if there's not too much vindictiveness."

No Willfulness

Needleman told the commissioner in New York that "there is no willfulness here. We have been discussing it with the Department of Justice for the past six months and wrote only recently and then this happened."

The Russian embassy reportedly made known its initial reaction to the State Department during a seven-minute call which the charge d'affaires, Vladimir I. Bazykin, made on Undersecretary of State James Webb.

Bazykin strode out of Webb's office with a clipped "no comment" waiting reporters. But American officials, while they would make no statement on his visit, strongly indicated that he had filed a protest.

Convicted Reds Launch Appeal That May Take Years; Amtorg Indictment May Spur Tensions

Corporation and Officers Blamed for Being Foreign Agents in United States

Reprisals Expected

Prosecutor, Richey Asks Heavy Bail to Assure Presence at Hearing

Washington, Oct. 22 (AP)—Indictment of Russia's famed Amtorg Trading Corporation and its top officers as unregistered foreign agents appears certain to set off new tensions between the United States and the Soviet Union.

The indictment was returned by a federal grand jury here and announced by Attorney General McGrath late yesterday. It charged the corporation and six officers with failure to register as agents of a foreign power in accordance with American law. The maximum penalty is a \$10,000 fine and five years imprisonment.

Washington officials promptly began speculating on Soviet reprisals. The Russian Embassy was reported to have lodged a formal protest with the State Department and a Moscow propaganda blast denouncing the indictment was expected almost immediately.

Shortly after McGrath made his announcement, five of the Russians were arrested in New York and taken before a U. S. commissioner, who held them under \$15,000 bail each pending a hearing Wednesday on removal to Washington.

Vice President in Russia

The sixth Amtorg official—a vice president of the company—is in Russia. Those taken into custody were the firm's president, a vice president, the treasurer, the secretary and a former assistant treasurer now doing other work.

Allen, however, Needleman, appearing for the Russians, told the commissioner "There is no question" the men will be on hand for the Wednesday hearing. But Government Attorney Edward E. Richey argued successfully that "I prefer \$15,000 (bail) to the counsel's word."

McGrath said in his announcement that since Oct. 1, 1946, Amtorg had collected "information for and reported information to" Russia and had otherwise acted at the orders of the Russian government.

In the past three years, he asserted, Amtorg was told repeatedly to register under the Foreign Agents Registration Act.

The State Department said it had sent a note to the Soviet embassy only six weeks ago officially calling attention to Amtorg's failure to register.

Needleman told the commissioner in New York that "there is no willfulness here. We have been discussing it with the Department of Justice for the past six months and wrote only recently and then this happened."

U. S. Presses Efforts To Settle Steel Strike

Three Local Trains Taken Off Run To Conserve Coal

Four Others Will Be Late Because of Picking Up Passengers Along Line

One daily and two week-end passenger trains on the West Shore division which regularly stop at Kingston will be removed Sunday until further notice, due to the coal shortage, it was announced today by the New York Central Railroad.

Four other trains are expected to run on a late schedule because they will absorb local stops made by east and commuter trains which have been removed.

The daily train to be removed is No. 26, which leaves Kingston at 8:10 a. m. daily for Weehawken, according to S. J. Keating, trainmaster.

Also removed will be Train No. 1, scheduled to arrive here from Weehawken at 11:05 a. m. Saturday and Sunday only, and No. 2, due out of Kingston at 5:05 p. m. Saturday and Sunday only for Weehawken.

The trains will be discontinued effective 12:01 a. m. Sunday, October 23.

Keating reported that west-bound train No. 7, due here at 2:40 p. m. daily except Sunday, will arrive a little late because it will absorb the east and stops formerly made by No. 39, a commuter train which has been removed. Also expected to arrive late are No. 13, due here 7:20 p. m. daily except Sunday, and No. 3, due here 10:30 p. m. daily. East-bound train No. 8 will leave Kingston at the scheduled time, 11:25 a. m. daily except Sunday, but will arrive at Weehawken late as it will make the commuter stops in place of No. 48.

Discontinuance of trains has been ordered by the Interstate Commerce Commission to conserve coal stocks, declining because of the bituminous coal strike, Keating said.

Another area railroad to announce curtailment of train service today was the Delaware and Hudson railroad, scheduled to discontinue 11 passenger trains at midnight Monday.

New Haven and some other roads said they do not expect to curtail for a while or severely.

Beesmer Complainant, Was Not Arrested

In an account of an automobile accident which happened Thursday night on Route 375, a mile south of Woodstock, it was stated last evening that Glenard Philip Beesmer, Jr. of West Hurley had been arrested by State Trooper Ray Dunn on a reckless driving charge and held for a hearing on October 26. This was an error. Mr. Beesmer was the complainant. It was Ronald Engen, 54, of Boiceville who was arrested on complaint of Mr. Beesmer, and who is being held in \$10 cash bail for a hearing before Justice of the Peace Joseph Fitzsimmons of Woodstock on October 26 when the reckless driving charge against Engen will be aired.

Officials of the Baltimore and Ohio Railroad said the company now has 13,000 of its 53,000 workers on furlough and can't cut any deeper. President Roy H. White said that if the coal strike continues the B and O will take a \$1,500,000 loss for October—its first monthly operating loss of the year.

The only signs of any break in the coal dispute came from Bluefield, W. Va., where southern operators reported progress toward meeting Lewis' pension demands, and scheduled another meeting for next Tuesday.

There appeared to be no incline away for 10 years.

But the 61-year-old judge said he was bound by the present five year maximum prison term in the nine-year-old Smith law.

"If it wasn't for this change in the statute," he said "I would be thinking in terms of more than five years."

The 11 defendants insisted to the last that they were falsely accused of the revolutionary conspiracy.

Coal Walkout Ties Passenger Trains in Various Sections

Washington, Oct. 22 (AP)—The government grimly pushed its efforts today to break a deadlock in the nationwide steel strike as an equally bleak coal situation brought a slash in coal-burning passenger train service.

President Truman's advisers said he is counting on a steel settlement to spark an agreement in the coal-burning industry, which might lead in turn to the end of the month-old coal walkout.

Toward that end, Federal Mediator Cyrus Ching laid down in his three-day campaign to talk officials of the U. S. Steel Corp. into some settlement with the C.I.O. steelworkers on their pension and insurance demands.

Ching was meeting with the steel company officials in New York. At White Sulphur Springs, W. Va., northern and western soft coal operators walked out of negotiations with John L. Lewis' United Mine Workers, saying that to remain would be to "fool the public."

Cut in Trains

As coal stocks above ground dwindled, the Interstate Commerce Commission ordered a 25 per cent cut in passenger trains pulled by coal-burning locomotives, effective next Tuesday.

The order applied to lines with less than a 25-day supply of coal on hand. The Association of American Railroads had less than a 30-day supply available.

"An emergency exists requiring immediate action in all sections of the country," the I.C.C. said. "Reserve stocks of railroad locomotive coal has reached a dangerous low level and are further decreasing."

It told the railroads to trim coal-burning passenger mileage by a quarter of the October 1 figure, and hold it there for two months.

The New York Central Railroad already had announced a decision to cut out 89 steam-operated passenger trains tonight, in a move affecting operations in 11 states.

The Long Island Railroad, New York city commuters' line, said its service is about 20 per cent steam, so the curtailment won't be severe. Schedule cuts will be announced during the week-end.

New Haven and some other roads said they do not expect to curtail for a while or severely.

13,000 Workers Idle

Officials of the Baltimore and Ohio Railroad said the company now has 13,000 of its 53,000 workers on furlough and can't cut any deeper. President Roy H. White said that if the coal strike continues the B and O will take a \$1,500,000 loss for October—its first monthly operating loss of the year.

Segregation at Snake. Atlanta, Oct. 22 (AP)—The governor of Georgia today declared that racial segregation is at stake and bitterly denounced a suit to equalize Negro education in that state of the Deep South. Gov. Herman Tamm said the suit by 18 Negro parents in Irwin county was nothing less than an attempt "to end segregation in Georgia." The suit was entered in Federal Court August 9, charging that the children of the Negroes did not have facilities equal to those offered white children.

BREAKFAST MENU

Great Britain appears to be casting an eye at the American breakfast. The Ministry of Food is trying to sell the Briton on cereal for breakfast, to relieve the strain on the traditional bacon and eggs. It has been egg, singular, for the last few years, and that one egg not every morning, either. Now Dr. Edith Summerskill, parliamentary under-secretary to the minister of food, says that breakfast bacon and eggs dating back only to the eighteenth century, are only a fad.

She is boosting cereals for breakfast, a point which recalls that one of the butts of sharp British satire in the war years was the breakfast cereal. The reference is to dry cereals. Porridge of cooked wheat, oatmeal and the like is quite familiar to the English. The Scots think their porridge is what makes them strong.

American breakfasts used to be more on the English order. A former generation had ham or bacon and pancakes, a hearty meal that went well with an outdoor life but was rather rough on the sedentary city man. The English are still following, in so far as the supply of oatmeal permits, a style of breakfast which most Americans have only lately given up, and some not yet.

One characteristic of the English breakfast which Americans would find hard to take is the preference for tea, instead of coffee. Could that be the real cause of their troubles?

WOMEN AND FREEDOM

Addressing a group of business and professional women in New York City recently, Arthur H. Motley, president of Parade Publication, Inc., declared that the fight for freedom on the economic front will not be won without women's support. He said there is a world trend against individualism, and that "the greatest freedom is the freedom to fail, without which no people can be free."

Women are naturally more individualistic than men, and less willing to think and act as groups. Their time-honored role as an influence in men's lives has broadened during the last few decades, and includes group action also. Business and professional women's organizations, the League of Women Voters, the National Federation of Women's Clubs, added to the millions of women in church groups, form a formidable array of feminine power.

These women, individually and collectively, are familiar with the stimulus of necessity, the often-narrow margin between failure and success, and the sweetness of security which has been fairly won by hard work. If their influence is properly exerted, this country may still hold the individual initiative and persistence which have given it strength and prosperity.

GAIN TOWARD UNITY

A long step forward has been taken by the neighboring nations of Belgium, Luxembourg and the Netherlands. Their representatives have agreed to free from customs duties 30 per cent of all mutual trade. Their governments were expected to ratify the agreement, a fruit of the Benelux arrangement.

This is part of a larger scheme to merge the economies of the three nations. A preliminary step will be the establishment of a common currency; the abolition of tariff bars will doubtless be carried further. If the three states persist in their present intentions, there may be a new combination state in Europe before many more years.

The cause of economic and political unity is looking upward.

THE URGE TO VOTE

Many voters seem to regard politics as just another sporting event. When there is no element of personal competition they lose interest. That is one possible explanation of the distressingly large number of voters who fail to cast ballots on referendum issues. The Citizens Public Expenditure Survey of New

VETERAN COSTS

One of the most terrifying costs of war is the price we have to pay for having veterans. This problem must be viewed objectively because a nation can only afford to expend what the productivity of its total laborers will permit it to expend. The assumption that a government can spend without limit is wholly false and is usually the vehicle upon which the demagogue rides to power to the detriment of the people. The trouble is that they usually discover it too late.

Since 1946, the United States has expended \$34,617,000,000 on its veterans. These costs, which include the estimates for 1949 and 1950, already covered by acts of Congress, include "... compensation and pensions, medical and related costs, schools and rehabilitation, readjustment allowances, and insurance." The Veterans Foundation, which has just published an important study of this problem, makes this startling point:

"Though most of these payments stem from World Wars I and II, it is significant nevertheless that in 1948 Civil War veterans and their dependents received payments totaling \$9 million while another \$22,000 was paid to dependents of veterans of the Mexican War, which ended 100 years before—in 1848."

In a word, the care of veterans is endless. Not only shall we have to continue to pay, but our children and our great-grandchildren will have to pay. It can be said with equal truth that the children and other descendants of veterans will have to pay. Also, the current veterans have to pay for their own care out of the taxes they themselves pay. In the end, they will pay more in taxes, in devalued dollars, in high prices, than they get in benefits.

A government can only be as generous as it can afford to be. No government can afford to be a good guy, throwing its wealth around like a third generation American millionaire, whose progeny will have little left but the memory of an ancestor who worked underground in a mine and became the president of the corporation that owned it. Profligacy is a misnomer no matter who practices it, and a profligate government becomes a menace to its citizens. The current administration in Washington is profligate.

For instance in the matter of hospitalization and home care, the United States spends more than \$700,000,000 on veterans. "... Although this benefit was originally offered to veterans for disabilities incurred in service at present 80 per cent of all individuals hospitalized by the Veterans Administration have disabilities and illnesses in no way connected with their military service." This cost can be multiplied and multiplied, be made to include pretty close to the total population of the United States, for obviously with 11,000,000 Americans in the armed forces, nearly anyone can be directly or indirectly associated himself or, for that matter, herself, with a veteran.

The final effect of such a burden can only be guessed at, but it is clear that those who actually read these words will not have it. That would not only be poor administration but unconscionable cruelty.

The \$3,000,000,000 bonus, which is to be paid in 1950, is altogether unjustified. The device that is being used to avoid the word, bonus, is that this is an insurance dividend or rebate. That is nothing of the sort. It is money paid out of taxes the same as any other bonus or subsidy and is to be used in an election year when its greatest benefit will be for those who are running for office and who voted for the handout. The money will not be of particular advantage to those who get it; it will be a prolonged load upon the whole American people.

Veterans are certainly entitled to their country as much as is the country of veterans' parents and children. Certainly men who risked so much for their country have no desire to see it reduced to the present status of Great Britain or Spain because its treasury is constantly being raided and its wealth dissipated. The time to think about that is now when we can still protect ourselves from World War II, it is not too late. It is not too late to think about it. It may be too late.

That Body of Yours

By James W. Barton, M.D.

TREATMENT OF ALCOHOLISM

I write frequently about alcoholism because it affects not only the alcoholic himself but also the health and happiness of the whole family. Throughout the whole world today earnest men and women are working on the problem.

For years Yale University has been holding a summer session on the study of alcohol and alcoholism, in which some of the nation's leading medical, research workers, clinical professors of medicine, and social workers engaged in the battle against alcoholism. The students attending this summer session are themselves mostly professional men and women who are interested in helping their fellow men.

I have spoken several times of the excellent work being done by Alcoholics Anonymous. Every one of the members of the organization still calls himself an alcoholic because he feels the daily need of help from a higher power and prays to be helped just for the one day at a time.

I have written before of the various drugs being used to help alcoholics, such as Benedicene Sulfate, which gives the alcoholic a distaste for alcohol, at the same time giving him a physical and mental boost to tide him over the effects of an alcoholic bout. I have also mentioned the drugs used in tea, coffee, soft and hard drinks—atrophine and digitalis—which cause distaste for alcohol. Recently I wrote about antabuse which, when it is taken, causes most severe nausea and vomiting if alcohol is used afterwards.

In the "Canadian Medical Association Journal," Dr. J. C. Dewar, Assistant Professor of Psychiatry, University of Toronto, states that the "problem" of alcoholism is not a simple problem but includes a vast variety of conditions of tremendous moment from both individual and public aspects. The three outstanding aspects are, (a) the intricate involved nature of the personality, (b) the complications of ordinary living conditions, and (c) the physiological makeup of the individual.

While antabuse is not the complete answer to the problem of alcoholism, Dr. Dewar states, that antabuse helps the alcoholic to abstain from alcohol for the time being, and this abstinence can help him to solve his problems.

Anemia

Send today for Dr. Barton's leaflet on the two types of anemia. Send five cents, coin preferred, and a three-cent stamp to cover cost of handling and mailing. To The Bell Syndicate, Inc. in care of The Kingston Daily Freeman, Post Office Box 99, Station G, New York 19, N. Y., and ask for leaflet "Anemia."

(Released by The Bell Syndicate, Inc.)

York has been publishing some figures of that state's election experience.

The issuance of a soldier's bonus would seem to be a question to draw out a heavy vote. Yet, at the polls in 1947, nearly 1,300,000 electors either spoiled their ballots or failed to vote at all on the question. On public housing in that same year the showing was even more. More than 2,000,000 or half the total vote, were unrecorded on that referendum.

Perhaps a stepping-up of publicity is the great need. It does not seem that so many voters would maintain their indifference if they really knew what issues were at stake.

Another Bomb That Needs to Be Controlled

The Washington Merry-Go-Round

By DREW PEARSON

Washington—As the debris of the 81st Congress is swept away and as relieved bureaucrats get back to work with no senators breathing down their necks, it can be truthfully said that Congress has accomplished far more than veteran capital observers ever dreamed possible.

In fact, the recent session probably passed more of Mr. Truman's Fair Deal program than F.D.R.'s Congress passed of the New Deal program, with the exception of his first four years in office.

Chief blot on the 81st Congress was that it failed to pass an old-age pension-social-security bill at a time when such passage could have helped settle the coal and steel strikes; and that it failed to pass aid-to-education at a time when the schools were desperately in need of help.

The fact that Congress failed to do this and bogged down toward the end was due largely to absenteeism.

Not all the pleading, cajoling and scolding of patient Senate Leader Scott Lucas could muster the votes for the simple reason that dozens of senators and scores of congressmen were out of town. Absenteeism has become worse in recent years because of frequent junkets abroad on army airplanes.

In the old days, congressmen went home to mend their political fences. Now many travel abroad on "surveys." Usually it's a good idea for congressmen to get acquainted with conditions abroad—but not when their votes are needed in Washington.

During the closing weeks of Congress for instance, the following senators were "surveying" conditions in Europe:

Survey of Housing—Included Bricker of Ohio, Flanders of Vermont, Frear of Delaware and

Sparkman of Alabama. By the Senate Appropriations Committee, including Chavez of New Mexico, McClelland of Arkansas, Robertson of Virginia and Stennis of Mississippi—though Stennis is not even a member of this committee.

Survey of France Spain—Undertaken by McCarran of Nevada, chairman of the Judiciary committee, who has nothing to do with foreign relations.

Survey of Military Establishments—by Tydings of Maryland, even though Secretary of Defense Johnson begged him to stay in Washington. (Friends said he had to go because he'd promised Mrs. Tydings.)

In addition, the following senators got tired and toward the closing days of Congress, packed up and went home: Butler of Nebraska, Reed of Kansas, Thye of Minnesota, Tobey of New Hampshire, Kefauver of Tennessee, Gillette of Iowa and Wilcher of Kentucky.

Truman Iried at Lesinski

President Truman confided his "keen disappointment" to Congressmen Morgan Moulder of Missouri the other day over the shelving of federal-aid-to-education by Chairman John Lesinski and the House Labor Committee. Moulder, a strong champion of aid-to-education, predicted the House—like the Senate—would have passed a satisfactory compromise, probably providing free lunches and health care for parochial schools, if Lesinski had not bottled the bill up in committee.

"Of course, the issue could have been easily solved along those lines, commented the President, somewhat irritably. "I did all I could. I even had some of the committee members over here for

a conference and strongly encouraged action to relieve the school shortage.

"The fact that the committee refused to do its duty was no fault of mine. I can't dictate to the Congress."

Truman also revealed that he was considering a broad-scale plan for amending the mounting national debt, but didn't go into details. However, he promised to study a suggestion by Moulder that revenues from specific taxes—such as excise and excess profits levies—be diverted to retiring the federal debt.

Strange Roumanian

There is something peculiar about the way certain American diplomats and juridical experts have been hobnobbing with a Roumanian in New York who is the registered agent of one of Stalin's chief henchmen.

The Roumanian is Dr. Vespasian Palla who arrived in the U.S.A. with his own car and chauffeur, gives swank champagne parties on his Long Island estate, and is the official representative of Premier Anne Pauka, the lady Communist who runs Roumania for Stalin.

Palla is a versatile gentleman, who once represented the Fascist Antonescu government, which declared war on the United States, and which slaughtered 300,000 Jews, sent many of their bodies to the I. G. Farben gas factories. Palla served Fascist Antonescu as minister to Switzerland. Now he is minister without portfolio for the Communist Pauka government.

But the amazing thing is that despite this direct hook-up with the Russian-Roumanian Communists, Palla has ready access to the I. G. Farben conference held at Bear Mountain Inn under the auspices of the Federal Bureau of Investigation and attended by all the police chiefs and sheriffs in this district.

Questions—Answers

Q—Is the earth the most powerful magnet that is known to exist?

A—The sun is a magnet that is many times more powerful than the earth.

Q—What action does juvenile court generally take against child offenders?

A—First offenders are usually released on probation, with the promise of good behavior. Probation officers visit the homes of the offenders to see that the orders of the court are carried out. If sentenced, the child is sent to a reformatory or industrial school rather than a penitentiary.

Q—Is it true that lightning never strikes twice in the same place?

A—Scientists state this is an erroneous idea. There is nothing in nature to prevent lightning from striking 100 or 1000 times in the same place.

Q—Can the president veto separate items in bills passed by Congress?

A—The president can veto only the entire bill. He is not authorized to veto separate provisions.

Q—Where are the highest and lowest points in the United States?

A—Mt. Whitney, California, is the highest point. Death Valley, California, is the lowest. The highest and lowest points in the U.S. are 86 miles apart.

2 Women, Brother Are Found Dead

Berkeley, Calif., Oct. 22 (AP)—Two women were found bludgeoned to death and their brother shot and killed in their residence here today.

Police breaking in at the insistence of neighbors who became worried after papers and milk pails lying on the porch for 11 days found dead:

Mrs. Mamie McKenzie, 70, former house mother at St. Ann's, women's dormitory on the University of California campus.

Miss Irene O'Neill, about 60, Mrs. McKenzie's sister.

Eugene O'Neill, 62, the women's brother and a retired Southern Pacific locomotive engineer.

The bodies of the two women, horribly beaten, were found in their bedroom.

O'Neill, shot to death, was lying in a laundry off the kitchen. The gun which apparently killed him was lying in the hallway near the bedrooms.

Police were unable to determine immediately whether he had shot himself fatally and crawled away from the gun or whether he had been murdered.

The last paper in the house was dated October 11. The Daily Oakland Tribune since then were lying on the porch where they had been thrown by the delivery boy.

Gold Strike Reported At Fairbanks, Alaska

Fairbanks, Alaska, Oct. 22 (AP)—"Gold!"

The magic word that brought prospectors, dance hall girls and confidence men to the Klondike in 1898 and sent them storming across Alaska to Nome at the turn of the century, was heard in Fairbanks again today.

Nuggets "the size of peas" were reported found earlier this week along the Yukon river in the Fort Yukon-Circle area which hitherto has not been prospected. Fort Yukon is just north of the Arctic Circle.

The discovery was said to have been made by Clifton Carroll, a fisherman.

The news was brought here by Gilbert Lord, roundhouse operator, Jim Magoffin, bush pilot, and the Rev. Edward Badtzen, a flying missionary for the Assemblies of God Church.

"Gold has been found for two miles on both sides of the original strike," the Rev. Mr. Badtzen said, "and from all appearances it's a big strike."

A prospecting party of 50 prospectors with picks and shovels now are panning along the stream, according to latest word from Fort Yukon.

Washington, Oct. 22 (AP)—Secretary of Defense Johnson has promised the Senate that any Communist cabinet member will get no arms or military secrets from his department. This was disclosed in a report on Johnson's testimony before the Senate Appropriations Committee hearings on the foreign aid program. The committee published the report today.

CPL. CHARLES GRAHAM

Corporal Charles Graham, son of Mr. and Mrs. Isaac Graham of Stone Ridge, a victim of the infamous "Death March of Bataan in 1942," received full military honors during appropriate burial services Wednesday morning at the United States National Cemetery at Farmingdale, L. I.

Cpl. Graham died September 15, 1942, in the prison camp in Cabanatuan, Philippine Islands.

The Rev. John Shultz, Episcopal chaplain of Cape May, N. J., officiated at the service and was assisted by the Rev. Robert C. W. Ward, rector of the Stone Ridge Episcopal Church at the commitment service.

The Pacific theatre veteran was inducted into service May 14, 1941, and left California October 2, 1941. He arrived in the Philippines October 23, 1941. He was a radio operator attached to the U.S.A.F. in Bataan and Corregidor.

Mr. and Mrs. Graham received a personal letter of condolence from General Douglas MacArthur concerning their son's death on August 29, 1945. The dispatch reads:

"My deepest sympathy goes to you in the death of your son, Cpl. Charles G. Graham, while a prisoner of war of the enemy. You may have some consolation in the memory that he, along with his comrades in arms who died on Bataan and Corregidor and in prison camps, gave his life for his country. It was largely their magnificent courage and sacrifices which stopped the enemy in the Philippines and gave us the time to arm ourselves for our return to the Philippines and the final defeat of Japan. Their names will be enshrined in our country's glory forever. In your son's death I have lost a gallant comrade and mourn with you." The letter was signed by Gen. MacArthur.

Cpl. Graham was born on April 15, 1918, in Jersey City, N. J.

Funeral services for Warren S. Hume were held from the late residence, 150 Main street, on Friday at 2 p. m., and were conducted by the Rev. Arthur E. Oudomool, pastor of the First Dutch Reformed Church. Burial was in Wiltwyck cemetery. Kingston, N. Y., October 20, 1949.

George C. Dubois, a retired painter and paperhanger of 36 Franklin street, died last night at his residence. He leaves two sons, William E. and Herman I. Dubois of Kingston, a brother, Olenius, of Waterbury, Conn., and two daughters, Mrs. Ruth Schoonmaker of New Paltz and Mrs. John Woolsey of Oakville, Conn. He was a member of the Fair Street Reformed Church. Funeral services will be held at the A. Carr and Son Funeral Home, 1 Pearl street, on Monday, Oct. 24, at 2 p. m. Burial will be in Hurley Cemetery. Friends may call at the funeral parlor any time Sunday.

Mrs. Alice M. Sherman, 81, of 10 North Main street, Ellenville, died Thursday at the Veterans Memorial Hospital in Ellenville following a long illness. She was born in Eldenville April 5, 1868, the daughter of the late Abram and Elizabeth Van Vleet Bodley. She also was a former resident of Kripplerville, N. Y. Mrs. Sherman was a member of the Methodist Church of Ellenville and the Hunt Memorial Bible class of the Methodist Church. She is survived by her husband, Abram L. Sherman; three daughters, Mrs. Andrew DuPont of Ellenville, Mrs. William Clark, Ulster Heights, and Mrs. James Davis, Ellenville; 10 grandchildren and three great grandchildren. The funeral will be held Sunday at 2 p. m. from the Pulling Funeral Home. Burial will take place in the Pine Bush cemetery, near Katonah. The Rev. J. Elmer Gates will officiate.

Funeral services for Albert N. White of High Falls were held Thursday at 2 p. m. at St. John's Episcopal Church, High Falls, and were largely attended by his many relatives and friends. There was a profusion of beautiful floral tributes all attesting to the high esteem in which he was held. Services were in charge of the Rev. Robert W. Ward, pastor. Burial took place in the family plot in High Falls cemetery where the commitment services. During the time the body rested at the George J. Moylan Funeral Home, Main street, Rosendale, many called to pay their respects and to offer condolences to the bereaved family. Survivors were Frank Neff, Robert Gheare, Albert Sullivan, Jack White, William Quick and Russell Harner.

Funeral of Thanks
We wish to thank our relatives, friends and neighbors for their kindness shown us during our recent bereavement in the death of Frank F. Storm.

Signed
Wife, Mrs. Frank F. Storm

Rosendale, Oct. 22—Rosendale Grange 1301 will meet in regular session Monday, Oct. 24 at 8:30 p. m. at the Grange Hall on Main street. Mrs. Floyd DeLoe, a local lecturer, has announced a "Jooven" program, with the members coming in costume, if they wish. There will be the usual Halloween games, a quiz contest and other items of entertainment included on the program.

Officers Are Elected
For Tilsen School
Rosendale, Oct. 22—New Officers of the Tilsen School Association which were elected at the annual evening meeting, Mrs. Harold Phillips, president; Mrs. Nathaniel Phillips, vice president; Mrs. Henry Swenick, corresponding secretary; Mrs. Howard Southern, land, recording secretary; Miss Charlotte Kolb, treasurer.

Plans were completed for the annual Halloween party for the school children which will be held Monday afternoon, October 31, at the school.

Announcement was made of the Youth Bowling League for boys and girls aged 9 to 12, which will begin Saturday, Oct. 29, at 1 p. m., at the Chalet Bowling alleys in Rosendale. Parents desiring further information may call Mrs. George Molloy or Jerry Pizzello, manager of the alleys.

With eight cases of whooping cough reported in the school, inoculations will be given at the school Monday.

The meeting dates of the association were changed from the third Thursday to the first Thursday of each month beginning with the November meeting.

About the Folks
Mr. and Mrs. Jesse B. Chambers, Sr., of 26 Post street, are receiving congratulations on the birth of a daughter, Patricia Elaine, born October 20 at the Kingston Hospital.

SAMSONVILLE
Samsonville, Oct. 22—Mrs. James Burgraff entertained her brother, James Krum and family of Windham last Sunday.

Mrs. Genevieve McLane is spending a few days out of town. Mr. and Mrs. George Van Kleec spent the week-end with their son, Lester Van Kleec and family at Endicott.

Moscow Comment
Moscow, Oct. 22 (AP)—The Moscow press today called the sentences given the 11 U. S. Communist leaders "monstrous."

The trial was nine months of "judicial mockery of truth and conscience, of the elementary human rights of citizens." Headlines in other papers termed the sentences "judicial persecution."

Self-Service Jail
Gering, Neb. (AP)—The cooperation was no less than splendid when Sheriff Mahlon Morgan arrested a man for intoxication. The sheriff found the man on the court house steps. Without ado, the man handed the sheriff a social security card bearing his name and address. Morgan transferred the man to the county jail upstairs.

EDUCATION NOTES

Elementary School News

The Girls' Volley Ball League at School No. 4 played two games. They were defeated by School No. 5, but won over School No. 8.

The children of Mrs. Edwards third grade are assuming responsibility for many classroom activities by organizing as a model town, with a pupil in charge of various departments.

Stephen Speigel is the mayor, William Speigel, police chief, Thomas Wisnoskie, head of the sanitation department, Carol Epstein, head of the play department and Alan Schoonmaker, head of the caretaker department. Jeanne Chambers and Robert Golnick are class representatives of the school council. Joan Van Steenburgh is to have charge of the class library and Linda Terpening will be editor of the class newspaper.

Keeping their surroundings clean and neat, learning games and programs, taking care of equipment and books, these children are learning at an early age to plan together for a happy classroom.

Visit Game Farm
On Friday, October 14, the fourth grade classes of School No. 8, accompanied by their teachers, Mrs. Maude Bunting and Miss Evelyn Gage, made a trip to the Catskill Game Farm.

The children were particularly interested in studying the antelope which has just been acquired by the farm. The antelope family had been moved to heated quarters and some of the children realized at once that this was necessary because of the natural habitat of the antelope is the South American jungle—their current American Studies unit. The manager arranged to have the male antelope put on a display and the children were able to study him closely.

The children also enjoyed the antics of the monkeys. This opportunity to watch them made the Social Studies stories of monkey's "come alive."

Feld tips of this kind do much to stimulate interest in subject matter as well as affording an opportunity to put in practice the rules of courteous conduct which are stressed in the classrooms.

Seventh grade children in Miss Secor's classroom at School 2, have been invited to an assembly on Tuesday, October 25, 2:30 p. m., to hear "Morning Star" Sioux Indian tell her people. She will also exhibit interesting items pertaining to Indian life. The assembly is especially suitable to seventh graders, as they are now studying the Indians of early New York.

The occasion will also provide an opportunity to get acquainted with the Junior High School, which these children will attend next year.

School Council
Believing that children should have experience in democratic living at an early age, School 2, with Mrs. Evelyn Dinges as principal, have encouraged the formation of School Council with representatives from grades 3-7. Mrs. Dinger acts as advisor.

Representatives from each classroom are elected by the grade party, nominations for the first term. Their responsibility is to bring to the attention of the Council such items as appearance of school grounds, safety hazards, and suggestions for the good of the school. Certain recommendations made by the council are then brought to the attention of the student leaders, discussed and put into practice.

Representatives to the School Council are: Grade 3, Mrs. Edwards' room, Jeanne Chambers and Robert Golnick; Grade 4, Mrs. Kenny's room, Patricia Russell, John Bos; Grade 5, Mrs. Melick's room, Floyd Osterholm, Christine Thies; Mrs. Jacob's room, Mary Wells and Kenneth Wells.

It is interesting indeed to see the planning, the discussion of problems, and the decisions arrived at by these young children.

Pupils of Miss Halloran's class in School No. 5 have become interested in collecting live specimens for science study. The class has brought in a salamander, a praying mantis, a box turtle and a garden snake. The pupils are interested in bringing various insects to feed their new coveys to their science corner.

The fourth grade of School No. 5, Miss Lutzin's room has completed a unit on map reading. The class constructed a map of the school neighborhood, on which they have located points of interest in the vicinity of the school. The map displayed on the bulletin board attracted the attention of the school.

The Mothers' Club of School No. 5 has set aside \$100 to buy instruments for the pupils of Miss Robert's instrumental classes. School No. 5 will be aided by this gift of the Mothers' Club in building up its orchestra.

Visit Radio Station
On October 18, the children of Grade 4, School 6 under the direction of their teacher, Miss Irene McDonough, visited the local radio station, WKNY. Richard McCarty and Edward Eckert, local announcers, escorted the children through the studio. The pupils watched the news come over the teletype, saw the large collection of records, listened to a program come over the air through the announcers' earphones, talked over a microphone to each other in different rooms. Eight of the children were then interviewed while the others watched Mr. Eckert make a recording in another room. The recording was played back for the children and was then presented to them. The pupils of Room 9 enjoyed their visit and wish to express their appreciation to the management and announcers who made it possible.

Indian Relics
The Fifth Grade class at School No. 4 has arranged an exhibit in their classroom of Indian relics found in the vicinity of the school. As a visual aid in their social studies the project contains many different types of Indian relics including arrow heads, hammer stones, scrapers, knives, war heads and tomahawks.

It is of great interest to the children that the Ponchohockie section of the city has an abundance of prehistoric articles and that they have been able to find their own material for the exhibit.

There have been several instances of children who have gone out determined to find a relic and returned in a surprisingly short time with a prized possession.

There is also a permanent collection in the school including for the most part, stones found by pupils of previous years.

School Out-of-Doors
The fifth grades of School No. 6, under the direction of Mrs. Korooski and Miss Polhemus had school out-of-doors on Tuesday, October 17, during the morning, when anthropometric class was over, they took a bus to Port Ewen and hiked through an orchard and a woods to the shore of the Hudson River. Land and water forms were viewed at first hand. The pupils in charge of the anthropometric class were themselves. In the woods they felt like the explorers about whom they had been studying as they searched for the Hudson River, and were thrilled to come upon its grandeur suddenly through the trees. They enjoyed the beauty of the autumn flowers and foliage and learned ways of safety in the woods. The boys in charge of the fire for roasting frankfurters had a chance to practice rules of safety in preparing and putting out the fire. Following lunch, an art class was held on the river bank. A steam train, an oil tanker, a huge freighter and a tug boat and barges very conveniently appeared during this class to serve as models.

Upon their return to school, the children made booklets of their trip. These included stories, poems, drawings, and classifications of flowers, seeds and leaves that they had collected. Specimens of rocks, nuts and shells were identified and added to the class museum.

The fifth grade decided that school out-of-doors was rather hard on their legs, but an easy way to learn and lots of fun.

The pupils of Miss Swarthout's third grade at School No. 6, are developing a Helping Hand Club. This group is made of exceptional children who choose or are assigned a child who has difficulty in grasping such skills as recognizing sight words in reading, arithmetic facts, or spelling words. They work with these children in free moments and during the periods between bells at morning and noon. Remarkable improvements in work has been shown in several instances.

Radio Program
The pupils at M.J.M. School saw the film "Two Thoroughbreds" at their regular assembly period on October 21. On October 25, Morning Star, a Sioux Indian from the Pine Ridge Reservation, South Dakota will speak at Myron Michael School Assembly. She will tell about the customs, arts, crafts and end with the Sioux ceremony of Thanksgiving.

Radio Program
Myron J. Michael School participated on the first radio program "Kingston Public Schools on the Air" on October 19 at 8 p. m. over Station WKNY. The topic was "Student Participation in a Student Organization." Miss Adiska Conno, teacher at M.J.M. School was the moderator. Members on the panel were Sally Rose, Frank Tiano, Nancy Jackson and Elizabeth Rhyly. News of all the schools of Kingston was given by Nin Shurtler. Followed Johnson and Bernard Redmond. The topic of the second discussion was "The Function of a School Radio Program." Miss Mary M. Kelly, coordinator for all the school radio programs was the moderator. Members of the panel were Mr. Laidlaw, Dr. Northway, Mr. Martin and Mr. Gumao.

Halloween Party
The Student Organization made plans this week-end for a Halloween party on October 27 at M.J.M. Auditorium at 7:30 p. m.

Final Y.W. Dinner
The final supper meeting of the Y.W.C.A. annual campaign will be held Monday night. Reservations for the supper meeting will be 9:15 a. m. Monday by calling the Y.W., 1911. All workers are requested to report to their captains prior to the meeting.

State Teachers College News

"Angel Street" a mid-Victorian thriller, has been selected by the New Paltz Players for their annual production. The drama will be presented on the stage of the college auditorium on Friday and Saturday evenings, December 2 and 3.

Adapted from the British stage production entitled "Gaslight" the play was given on Broadway a few years ago under the name "Angel Street." The movie version starring Ingrid Bergman and Charles Boyer, appeared under the title "Gaslight."

The story centers about the efforts of Mr. Manningham to outwit his wife's fortune by driving her insane. Playing the two lead roles are Henry Wille and Miss Anne Regan, both of whom have previously appeared in major roles in the college. Miss Vera Hicks forth will direct the production.

contact all students Monday who have their second payment due on their subscriptions to the school paper. In September, these students purchased Dame Runtor by putting a 25-cent down payment. The second payment is due Monday.

Senior Rehearsals
Rehearsals for the senior play, which will be held November 17, 18 and 19, are continuing regularly under the direction of Miss Madeleine Tarrant. The first two acts of the play, "Little Women," have been thoroughly rehearsed and seven girls will begin rehearsals for the third act Sunday.

Members of Prisma Society met Thursday during the second lunch period at which time representatives of the Crowell-Collier Publishing Co., and the Curtis Publishing Co., discussed the start of the society's annual magazine drive.

The campaign, which will last 10 days, is the main source of income for the Prisma club which receives from 25 to 50 per cent on each magazine sold. The girl who sells the most subscriptions will receive prizes from the company. Nancy Anderson received a \$5 award from Principal John H. Martin for selling the most subscriptions on the opening day of the drive. Another \$5 will be given on Monday to the girl selling the most subscriptions during the week-end. This prize was announced by Theron Culver, vice-principal.

Marshals Organized
The K.H.S. marshal system was organized this week when Emory Kelder and George McEvoy were named captains. Other marshals are John E. Glennon, William Whittier, Clarence Beech, Chase Page, Henry Levy, Walter Davis, Raymond Bishop, George Bray, Jerry Bechhold and John English.

The marshals have charge of directing students and try to relieve the congestion in the corridors.

Radio Program
Plans are continuing for the first school radio program to be broadcast over WKNY on Nov. 2. The program will be in charge of the science department. Scripts are being arranged by Richard Mason. The text of the program will be on tuberculosis.

Dance Postponed
The Harvest Moon dance, which is annually sponsored by Tri-Hi, has been postponed from the original date, Oct. 29, to Nov. 5.

At Conference on Industrial Arts

Martin Craft, instructor in industrial arts electricity at Kingston High School, returned Thursday from Syracuse where he attended a meeting of the committee which is working on a revision of the state syllabus for industrial arts electricity.

The committee, with Arthur Ahr, supervisor of industrial arts, State Department of Education, as chairman, began its work of revision last winter. They expect that the new syllabus will be ready for use by September, 1950.

Other members of the committee besides Mr. Craft are classroom teachers from Huntington, L. I. and New York city, and instructors from the state colleges at Buffalo and Oswego.

Cancer Training School
The first training school for volunteers of the Ulster County Branch of the American Cancer Society will be held Thursday, November 3, at the First Baptist Church parlors, Mr. Harry Van Wageningen, executive director, announced today. The morning session will start at 11 a. m. Luncheon will be served by the ladies of the church about 12:30 p. m. A detailed program will be announced some time next week.

NOW THE TRUE FACTS ARE OUT IN THE OPEN

THE MAYOR HAS BEEN PLAYING POLITICS WITH REAL ESTATE ASSESSMENTS!

You home owners and independent merchants were hit with a sneak punch - - - the 33 1/3 per cent increase in real estate assessments.

You were told the increase was "across the board" — that everyone would share the burden.

You were told there would be "no political favoritism."

You have been double crossed.

BIG OUT OF TOWN CORPORATIONS ARE NOT PAYING THE 33 1/3 PER CENT INCREASE.

The present administration has given them secret, preferential treatment!

Quiet back room deals have cost the City of Kingston more than half a million dollars in taxable valuation!

Francis J. O'Neill, Democratic candidate for mayor gave you the facts on this scandalous situation last Thursday evening on WKNY.

Here they are again for your study. Look over these outrageous examples of favoritism. Then determine if the present mayor, Oscar V. Newkirk has your interests at heart — or did he favor the big corporations?

HERE ARE THE PROPERTIES THAT GOT SECRET CONCESSIONS:

Political Pet Number 1:

WHALEN DRUG STORE BUILDING, corner Wall and John Streets, owned by a NEW YORK CITY HOLDING CORPORATION and one of the most valuable income-producing properties in the city. When your assessment was raised 33 1/3 per cent this juicy plum is operating under an increase of less than 17 per cent.

The city lost more than \$13,000 in taxable valuation in that deal!

Political Pet Number 2:

WALTER READE THEATRE on Wall Street, owned by a big OUT-OF-TOWN CORPORATION. When your assessment was raised 33 1/3 per cent this big money-making property was increased less than 17 per cent.

An additional \$26,000 in taxable valuation was lost to the city!

Political Pet Number 3:

WALTER READE THEATRE on Broadway. When your assessment was raised 33 1/3 per cent this fine modern property got off with an increase of less than 17 per cent.

Another \$26,000 in taxable valuation lost to your city!!!

Political Pet Number 4:

THE NEW YORK TELEPHONE COMPANY. This dividend paying company which has recently requested an increase in phone rates is assessed ONLY \$5.00 more than in 1947. How much more were you assessed?

Has your 33 1/3 per cent been reduced?

Political Pet Number 5:

AMERICAN TELEPHONE AND TELEGRAPH COMPANY, one of the largest and wealthiest corporations in the world!!! The corporation's assessment IS ONLY \$3.00 HIGHER THAN IN 1947!!! Yet you are paying the full 33 1/3 per cent.

Actually, the ATT's assessment was reduced by \$156,340 in 1949!!! WAS YOURS REDUCED?

Political Pet Number 6:

CENTRAL HUDSON GAS & ELECTRIC CORPORATION, which recently increased its utility rates to you consumers. That vast corporation's assessment is ONLY ONE TENTH OF ONE PER CENT HIGHER than in 1947. But you are carrying a full 33 1/3 per cent increase.

Central Hudson's assessment was reduced in 1949 by \$154,990!!! Was yours reduced by even \$1.00?

Political Pet Number 7:

WEST SHORE RAILROAD, a part of the vast NEW YORK CENTRAL SYSTEM is now assessed slightly more than 7 per cent. THIS CORPORATION'S ASSESSMENT WAS REDUCED \$143,500 in 1949. WAS YOURS REDUCED?

AND THERE ARE OTHER POLITICAL PETS — FRANCIS J. O'NEILL HAS THE FACTS ON THEM!!!

HERE ARE THE PROMISES THAT THE MAYOR DISREGARDED

"This solution means that by increasing the assessment on each property in the same proportion, each property owner next year will pay exactly the same proportion of total taxes that he now pays" the mayor as quoted in The Kingston Freeman, June 10th, 1948.

That's what Mayor Newkirk said!!! He did not add—"except a number of large corporations which will be given preferential treatment."

"I am and my administration desire to be as fair as possible and by increasing everyone in the same proportion no one can say that there is discrimination or political favor"—the same mayor, the same issue of The Freeman.

Take a look at the column on the left for the real facts on "discrimination and political favor."

"Many are of the opinion that their taxes will jump a third under this new assessment plan, but in reality the increase will be so slight that no one need become deeply alarmed about it" the mayor as quoted in The Freeman, June 11th, 1948.

Correct, Mr. Mayor—as far as the large corporations were concerned—but the small home owner was given a substantial increase in his tax bill!!!

HERE IS THE BOGUS TABLE THAT THE MAYOR USED TO MISLEAD YOU

Only \$1.53 More; Mayor Says Of Tax on \$7000 Property

(From Kingston Daily Freeman, June 11, 1948)

With misunderstanding still prevailing concerning his proposed 33 1/3 per cent blanket raise in local assessments, Mayor Oscar V. Newkirk has presented a comparison in actual figures, showing that taxpayers will not pay a third more than they have been.

He would cut the tax rate from \$41.76 to \$31.78, a slash of \$9.98 his table of figures shows. "Many are of the opinion that their taxes will jump a third under this new assessment plan" the mayor said "but in reality the increase will be so slight that no one need become deeply alarmed about it."

Presenting the matter in clarified form, using a \$7000 piece of property assessed at \$2500 at present, and which would be assessed at \$3,330 under the 33 1/3 per cent plan, the Mayor pointed out that the taxpayer would pay only \$1.53 more on his whole bill.

Table of comparison:	Present Tax System	Proposed New Plan
Total City Assessment	\$24,477,060.00	\$32,158,142.00
Tax Rate	41.76	31.78
Value of Home	7,000.00	7,000.00
Assessed Valuation	2,500.00	3,330.00
Actual Tax	104.00	105.53

As revealed the blanket assessment raise would mean an increase of only \$1.53 on the property owner's tax bill, and with this system in operation, the city would raise \$32,000 more through taxation.

NOW! COMPARE YOUR 1949 TAX BILL WITH THE ABOVE FIGURES!!!

Jumping Joe Savoldi, Ex-Notre Dame Grid Star, Tops Wrestling Show

To Battle Estep; Talun, 7-Foot Giant Also Due

Two Other Leading Newcomers Slated

Jumping Joe Savoldi, great All-American football star at Notre Dame during the regime of Knute Rockne and the Four Horsemen, will meet Elmer "The Hillbilly" Estep in the feature wrestling attraction at the municipal auditorium on Tuesday, Oct. 25. It was announced today by Promoter Bill Johnston.

Four attractive bouts featuring new talent comprise the card which continues the run of weekly shows at the Broadway arena. Announcement of the Savoldi-Estep contest indicated a reversal of plans by the New York promoter who previously had announced he would operate only on alternate Tuesdays.

Savoldi is in the midst of mat comeback and has done well on the Pacific coast. He appeared in Kingston about a decade ago when he was fresh out of Notre Dame.

Book Giant Pole

A new Polish giant, Vladyslaw Talun, better known as "The Iron Man," who weighs 370 pounds and scales seven feet, has been booked as the semi-final extra added attraction.

Talun goes against popular Harry "Bad Mike" Pinkstein, the Boston villain, who has delighted local crowds in every appearance.

Two other pleasing contests will support this well balanced card. The new and classy sensation from Sweden, Lou Sjoberg, who has quite an assortment of magic will appear, and Chlo Garbaldi, brother of the famous Gino.

Estep Returns

Back with his lengthy beard and all his attire will be Elmer Estep, probably the only wrestler today who will make you recall the immense Alvin Mountain Dean. The 400-pound giant who can do a "turkey trot" with the best of them has drawn a rough assignment in Savoldi, who resorts to football tactics when the going gets tough.

Estep, who tips the scales at 465 and yet moves around in a sprightly fashion, defeated Ivan Kamenoff of New York in the feature event last week. As a thespian he ranks with Baron Michelle Leone who has departed for the coast.

"Savoldi and the several new faces on our next show should certainly appeal to Kingston wrestling fans," Johnston said in announcing the card.

"Savoldi still packs a wallop and has been greeted enthusiastically by grapping fans on his comeback. The other newcomers, Talun, Dean and Sjoberg, are colorful performers who should please the crowds."

Reservations can be made by calling the Tommy Maines sport shop.

Glasco Shooters Win Field Day

Glasco Gun Club's No. 2 squad captured first place in the team scratch competition in the annual field day sponsored by the Federated Sportsmen's Club of Ulster county with a score of 218 this week at the grounds of the Rosendale Sportsmen's Association.

Several hundred spectators witnessed the event in which twenty teams and more than 65 individuals competed for honors.

Rosendale No. 1 took second place with 215 and Glasco No. 1, 213 was good enough for third place.

Guerrero Wins Cup

James Guerrero of the Rosendale club won the individual championship cup and a case of shotgun shells. A total of 47 shooters shared in the huge prize list.

The actual end handicap scores of the team entries, with handicap scores listed second, follows:

Glenco No. 1, 218-234; Rosendale No. 1, 215-235; Glenco No. 2, 213-236; Rosendale No. 2, 192-230; Lake Katrine, 192-233; Rondout Valley No. 1, 188-231.5; Rondout Valley No. 2, 179-226; Wittenburg, 177-227; Wawarsing No. 1, 169-215; Wawarsing No. 2, 168-215.5; New Paltz, 164-219.3; Wawarsing No. 2, 146-214.5.

Tenpin Tattling:

Was it Shakespeare or Hank Kemmerer who said that "sometimes we can live so close to the forest that we cannot see the trees." Well, we can still see the trees but that gives you an idea of the tremendous growth of bowling in Kingston since Vic Russo and Johnny Ferraro opened the doors of their new establishments. Bowling is at its all-time peak in the city and will receive another terrific boost when thousands of women descend upon us next spring for the New York state championships.

Flotsam and Jetsam:

The N.Y.S.A. expects its enrollment to increase to 500 after the state tournament. Every city experiences that sudden mushrooming after a big show, WIBC statistics show. Lou DePaulo, of Poughkeepsie, who created a sensation as a match game shooter a decade ago and then lapsed into mediocrity, is back in top form. He reeled off 674 and 675 in successive weeks in the Dutchess Classic. Like Johnny Ferraro, DePaulo was a fanatic for new balls and finger pitches and spans. If all the dollars that DePaulo spent on new balls were laid end to end they would stretch from Washington to Kingston. Gilman is burning up the Bowlerium Major with big "400" totals. Alvaro has also PGs, or more than his entire output in two leagues last season.

Where else but in the Friendship League could you find Rose Schatzel and Evelyn Gross, the No. 1 and No. 2 keglerettes of the city, on the same squad? We knew that Reta Frederick's conscience would catch up with her.

Of Men and Mice:

Adirondack Trailways take on those man-eating tigers in Newburgh, C's Dinner, Sunday and by nightfall will be either very much in or very much out of the current Hudson Valley League contention. Pete Perrino headlining in Middletown with a 702 blast. Resuscitating of alleys in Newburgh may account for conspicuous absence of 700 triples that were a dime dozen last year. George Shufelt of the Bowlerium appears to be the best young bowler since the Wolhaupt-Howard era. Now it's "Hot" Spaulding had the streamlined midriff that his coach boasts, he possibly could average 210. The air waves are saturated with howling announcements this season. Newcomers are Dick McCarthy and Hank Kemmerer, who appeared in the first line of this time. John MacLellan holds forth in his usual Sunday 10:30 p. m. spot directly from the Bowlerium. Kemmerer made his debut two weeks ago in the 8:30 p. m. Saturday show, while McCarthy is doing a 15-minute stint for Johnny Ferraro every Friday at 4:15 p. m. All three are doing nicely but wouldn't it be grand if they started feuding with each other in a Winchell vs. Pearson.

The Chicago city tournament will be run under what is known as the Hattstrom System of handicapping this year. With the K.B.A. planning on changing its method of running the local city tournament in February, the gentlemen of bowling might consider this plan. The main point of the system is to discourage bowlers from "laying down" to get a better handicap in the tournament. That's an ancient cry, as you know. In order to overcome this, a higher handicap is given in the higher brackets. In other words, bowlers from 191 to 200 average get 90 per cent handicap. With a 200 scratch a 191 bowler would receive eight pins handicap. Bowlers from 181 to 190 receive 80 per cent and so on down the line with a bowler between 141 and 150 average receiving only 40 per cent. This is obviously an excellent method of equalizing the handicaps and would allow you to take the tournament all in one class and make much better prizes for all.

Charlie "Juice" Manfro, the ex-mixologist, presented an original explanation for a low series the other night: "Too many splits!"

Johnny Ferraro and Progress Clothes miss each other dearly in the Bowlerium Major, but Cliff Quick and Town Cafe, the best cellar team in the country, look the other way when they meet.

Hunting Season Lists Two Victims

Albany, N. Y., Oct. 22 (AP)—New York state today listed two dead and several injured in the newly-opened season for hunting pheasant, duck and small game.

The start of small game hunting preceded by four days the deer season, which begins in a 14-county area of the Adirondacks Tuesday.

Both deaths yesterday were in the western part of the state.

A third hunter, Anthony G. Canale of Auburn, dropped dead as he stepped from an automobile to hunt on a farm near the city.

Near Fillmore in Allegany county, Harry Hamer, 64, highway superintendent of the town of Hamer, was shot fatally by a 13-year-old boy who was out with a hunting party.

A Rochester hunter, James E. Taylor, 26, was killed on a farm near Avon in Livingston county when his shotgun discharged while he was unloading it.

Several hundred spectators witnessed the event in which twenty teams and more than 65 individuals competed for honors.

Rosendale No. 1 took second place with 215 and Glasco No. 1, 213 was good enough for third place.

Guerrero Wins Cup

James Guerrero of the Rosendale club won the individual championship cup and a case of shotgun shells. A total of 47 shooters shared in the huge prize list.

The actual end handicap scores of the team entries, with handicap scores listed second, follows:

Glenco No. 1, 218-234; Rosendale No. 1, 215-235; Glenco No. 2, 213-236; Rosendale No. 2, 192-230; Lake Katrine, 192-233; Rondout Valley No. 1, 188-231.5; Rondout Valley No. 2, 179-226; Wittenburg, 177-227; Wawarsing No. 1, 169-215; Wawarsing No. 2, 168-215.5; New Paltz, 164-219.3; Wawarsing No. 2, 146-214.5.

Redskins Lose Center On Court Technicality

Washington, Oct. 22 (AP)—The Washington Redskins head for Philadelphia to play the Eagles tomorrow without their newly signed center Joel Williams.

Instead, the 225-pound former University of Texas regular will be playing for the Richmond Rebels of the American League against Wilkes-Barre, Pa.

Federal District Court Judge Henry Schweinhaut issued a temporary restraining order yesterday to prevent Williams from playing pro football with any other club than Richmond until next Tuesday.

At that time Schweinhaut is scheduled to hear a request for an injunction and \$10,000 damages brought by Harry Seibold, President of the Rebels.

Has Record

Cleveland (AP)—Mike Garcia, classy Cleveland pitching rookie, has a unique record of one of his best efforts this season. When he shut out the Boston Red Sox, 1-0, in mid-season, a Cleveland fan made a recording of the broadcast, giving every pitch and every play. Mike sent the platter to his folks in California.

City Softball Champions

This is the only team that carried Royal Grills to one of the most spectacular softball campaigns in local history. In addition to piling up a 21-game winning streak the Grills won the regular and post-season championships in the City Softball League. In usual order, top row: Capt. Frank Sass, Smith, Ed Dasher and Joe Woods; middle row: Sonny Woods, one of the all-time softball heroes of Kingston; Tom Provenzano, sponsor, Tom Coughlin, manager, and Ed Schussler. Bottom row: Form Coughlin, Joe Enright, Walt Matheus and George Unt.

Deer Season Set For October 25 In Adirondacks

New York State's 1949 deer season begins Tuesday when the Adirondack region is opened to hunters.

The State Conservation Department announced yesterday that the Catskill area would open on November 15, and the central and western New York regions on November 24.

There is no open season on deer anywhere in the state this year, the department said.

The department warned that hunters were forbidden to use rimfire rifle ammunition, shotguns less than 20 gauge, loads of other than single shell or slug and automatic firearms.

Approved arms are rifles, shotguns, pistols and longbows.

Hunting hours are 7 a. m. to 5 p. m.

The Conservation Department said the deer herds would be large in the Adirondack and central areas. Little change was expected in the Catskills.

The department also predicted a 50 per cent decline in the ten western counties where a buck and doe season was held last year. Five thousand deer were taken there last year, the department said.

Detroit Boxer Upsets Gavilan

Detroit, Oct. 22 (AP)—East side Detroit, which gave Joe Louis and Sugar Ray Robinson to the boxing world, had a new fistic star today—a clever young Negro welterweight named Lester Felton.

Felton's star was beclouded by circumstances surrounding his upset victory over the highly regarded Kid Gavilan of Cuba in a 10-round fight at Olympia last night. Upstart followed.

The 20-year-old Detroit was awarded a severely criticized split decision after he outmaneuvered Gavilan for practically the entire 10 rounds before 13,284 fans who paid a gross rate of \$29,750. Gavilan at 145½ had a half pound advantage.

Gavilan, ranked as the No. 1 contender for Robinson's welterweight crown, was a 3-1 favorite at ringside but he spent practically the whole fight in a futile effort to corner Felton.

Felton used to be one of Gavilan's sparring partners in New York and the experience he gained in those hours in the gym paid off for him in a big way.

He secured backwoods, flicking out a long left to bother Gavilan considerably, and it was only in the 8th and 10th that the Detroit star still for some toe-to-toe slugging.

The scrap was supposed to be just another stopover for the busy Little Gavilan who beat Beau Jack at Chicago Oct. 14 and has a date to meet Steve Belois in a 10-rounder at Cleveland Oct. 31.

Fights Last Night

(By The Associated Press)

Detroit—Lester Felton, 144½, Detroit, outpointed Kid Gavilan, 145½, Havana, 10.

Boston—Paul Pender, 160, Brookline, Mass., outpointed Bill Daley, 153½, Brookline, 10.

New York and Brockton, Mass. Keglers Roll in Exhibitions Here Tonight

A doubleheader attraction featuring powerful squads from New York and Brockton, Mass., occupies the attention of Kingston bowling fans tonight.

The Buddy Lee Clothes squad of the Metropolitan Major League of New York, an all-outpawp quintet, opposes the Russo Bowlvolum quintet of the Hudson Valley League at the Bowlerium at 9 o'clock.

A strong contender for Met Major honors, the Buddy Lee triumvirate feature two standout pinmen in Roy Nielsen and Ed Neiderhaus.

Adirondack Trailways are scheduled for their annual brush with the Brockton Mass. Keglers at the Bowlerium at 8 o'clock.

The Bay State Keglers who are species in that country of candlepins and barrel pins, will feature a pair of averages in veteran Tony Corci, a 200-average anchor, and "Swiftly" Moynihan, star leadoff.

General

Westbury, N. Y.—Chris Spence (\$9,401) won the David H. McConnell Memorial golf final at Roosevelt Raceway by a length and a quarter. Proximity, queen of the trotters and favorite at 2 to 5, finished second.

Browns Promise Big News on Trading Mart

St. Louis, Oct. 21 (AP)—Bill DeWitt, president of the Browns said today that several trades involving the club "are in the making."

"By Tuesday or Wednesday of next week I plan to call a press conference and disclose which members of our 1949 team will be put on the trading block," he said.

The club owner said he turned down three big offers last winter for second baseman Gerry Priddy and Bob Dillinger, third baseman, two of the Browns' highest salaried players.

A trio of six-hundred triples highlighted activities in the Bowlerium Classic circuit last night. Angie Ferraro heading the parade with a 626 effort on games of 205-17-23.

Eddie Murphy, Glo-Cont anchor, fired 622 with 188-198-235, while Marty "The Owl" Kellenberger came back strongly after a 154 opener to fire 224 and 231 for 609.

Harold Broskie shot 210-574; Bobby Jones 203-585; Harry Wilcox 207-577; Evely Lorenzo 200-575; and Johnny Ferraro 592.

Charlie Horne with 544 paced the Hercules trundlers, tossing efforts of 153, 193 and 198. Chic Maurer knocked down 549; J. Thompson had 205-539; C. Herdman 223-537; and Jack Martin 512.

The Electro League furnished a bevy of high totals led by Harry Smith's 624 triple and 247 solo. Smith sandwiched a 165 middle count with 212 and the 247. Tony La Rocca crashed the "600" bracket, with 204-173-225-602.

Ward DuBois fashioned 219-569; Ben Toffei 214-554; Don Hauck 537; Rex Ellis 200-529; Maxon 213-517; E. Moxley 502; Harry Re 504; Evely Doyle 512; E. Glidensten 543; J. Burns 508; Steve Woyden 246-587.

Gil Sampson continued to knock down heavy lumber in the Bowlerium Major, stacking a torrid 654, while young George Shufeldt reeled off 646 and Harry Smith had 622.

Simpson's string consisted of 238-237-179. Shufeldt spilled the mingles for 201-189-256, while Smith had 200-194-622.

Among the other top counts were Phil Corrado's 238-598; Ed Jones 212-209-581; Baker 238-583 Jack Martin 203-572; Frank Russano 221-598.

Bowling

Joe Heidcamp's 594 string was the best of five "500" triples in the Bowler League this week, the swimming ace pouncing out scores of 190-194-210 at the Bowlerium. Runner up was Frank Ginnaldi with 555.

Was Holden, a 20-year veteran who somehow or other slipped into the "hookie" loop, fashioned 546 with 211-518 and J. Shufeldt had 514. R. Peterson's 495; Lou Nardi 484 and Andy Bruckowski 483 also were in the top bracket.

Dolly Szymanski's 449 and 442 by Mary Franco highlighted Pioneer Women League activity at the Bowlerium. G. Reed with 392, Kay Norton 391 and L. Landers 390 also were top bowlers.

It was another best-of-the-night performance in the Jacobson Mixer for Francis Duffy who clicked for 497 on games of 142-182-173. "Red" Gorsline claimed runner-up honors with 488 and J. Lucas shot 480. Jack Terpening accounted for 475 and George Sietler had 465.

George Magley, the embryo golfer and Emil "Bud" Greenburg, oil tycoon, led the Colonial League with 520 and 516 respectively. Magley tossing a high of 197 and Greenburg 192. Arnold Hoy had a nifty mix with 499; Bob Leach 497; Bill Murray 491; Meyer Levy 489; Ralph Dumenigo 483 and W. Schwarz 481.

The Y dives held no terrors for Bob Wolsley who clicked with consistency for a 532 effort in Y.M.C.A. National pool. He fired games of 206-197-183.

Clarence Hyde peeled off 211-543; F. Sarbacher knocked off 211-528; Bill Hornbeck 517; Herb Sleight 512; and F. Schussler 481.

Witwyle Motors swept three from Progress Clothes in the Major League at the Bowlerium mainly because Floyd Barnum was slightly torrid with 217-181-246-644. The huge triple stood out like a sore thumb.

"Bill" Kuehn hit the select circle with 211-210-608 and Tony La Rocca posted another fine series with 202-233-597. Cosmos Costello rolled 213-596; Lottie Ganshara 212-202-594; L. Peterson Jr. 219-585; Charlie Manfro 575; and George Fleming 211-574.

Percy Slover continued to dynamite the mingles at the Bowlerium with a 568 count in the No-Can-Do League. Frank Norman was four pins behind with 223-564 and Johnny Lowe clicked 212-540. Other top bowlers were Joe Nagy 206-526; Burt Burr 214-514; Emil Boesneck 507 and J. Fatini 504.

Jim Noble took Frankie Bruno out of the driver's seat in the Freeman League with a 567 triple on games of 216-194-157. Bruno settled for place money with 550. Roland Post knocked off 530 and Cliff Schryver 521. Craig Plough had 494; Knute Beichert 491; Nick Huber 488.

County Federated Women's Clubs Meet
In Kingston for Annual Fall Conference

Uster County Federated Women's Clubs met at the Hotel Traymont for luncheon and business meeting Friday. Miss Alice Woodard, president of the county, presided at the meeting. The meeting was held in the afternoon at the Traymont Hotel. The meeting was held in the afternoon at the Traymont Hotel. The meeting was held in the afternoon at the Traymont Hotel.

Miss Helena Clearwater, Army Nurse Corps, retired, as the main speaker for the afternoon gave an account of her experiences while in service in the Pacific areas. She described the customs of the Philippines and others of the island groups. She spoke of her assignment to Shanghai, China in 1931 when the Japanese were with the Chinese and also of her work at Pearl Harbor when the Japanese attacked the base. Major Clearwater said "We should not forget what the Japanese did," in speaking of the war both against China and America. She suggested that the Japanese leaders "go wherever the wind blows."

Also Major Clearwater believes that the Chinese dragon will swallow the Japanese.

Desco-Bruck
Nuptials Held
Before Mass

Mr. and Mrs. Harry J. Bruck, 90 Murray street, announce the marriage of their daughter, Miss Theresa Joan Bruck, to Louis John Desco, son of Mr. and Mrs. Nicholas Desco, 234 Water street, Catskill, October 15. The double ring ceremony was performed before a nuptial Mass in St. Mary's Roman Catholic Church at 9:30 a. m. by the Very Rev. Rev. Magr. Martin J. Drury, pastor.

Theodore Riscobona was organist. Miss Barbara Bruck, sister of the bride, sang Ave Maria, Panis Angelicus, and O Lord I Am Not Worthy.

The bride was escorted by her father. She wore a white Skinner satin gown with an illusion fingertip veil attached to a satin cap and carried a white prayer book with white roses and streamers of swansonia.

Mrs. Harry B. Bruck, sister of the bridegroom, as matron of honor, wore a blue green taffeta gown with illusion neckline and carried an old fashioned bouquet of yellow roses and bronze pom-poms.

Harry B. Bruck, brother of the bride, was best man. Ushers were Edward and Gerald Bruck, brothers of the bride.

A reception and buffet luncheon were held at the home of the bride's parents for 50 guests. Mr. and Mrs. Desco left for a wedding trip to New York city and New Jersey. She wore a beige cardigan suit with navy blue accessories and carried a white bouquet. They will make their home at 200 Tremper avenue.

The bride attended Kingston High School and Mount Zion Business School. She is employed by Hercules Powder Co., Port Ewen.

Mr. Desco was graduated from St. Patrick's Grade and High School, Catskill. He served three and a half years in the coast guard and is employed by Merrill-Chapman and Scott of New York.

Dance Trio at V.F.W. Ball

The Wayne-Marlin trio, international favorites, will be another of the stellar acts of entertainment on the Joyce-Schrick Post, Veterans of Foreign Wars annual ball Monday night at the municipal auditorium. The trio, which recently included a successful tour of Panama, Mexico and West Indies, combines beauty, skill and special lighting effects in their unusual routines. The trio's repertoire has been a big favorite in night clubs throughout the country. The V.F.W. ball also will feature the music of Russ Carlyle and his orchestra.

Former Saugerties
Resident Marries

Miss Emily Ann Krummel, daughter of Mr. and Mrs. Charles S. Krummel of Freeport, L. I., was married to James Albert Carnright, son of Mr. and Mrs. Albert Carnright of East Second street, Freeport, formerly of Saugerties. The wedding took place at the First Presbyterian Church, Freeport, L. I., October 15 at 8:30 p. m. with the Rev. A. Gordon MacNulty officiating. A reception for 100 guests was held at the home of the bride's parents.

The bride wore a gown of ivory satin, Empire style. Sprays of orange blossoms held her finger veil of illusion and she carried a bouquet of staphanotis and ivy.

Mrs. George R. Holland of Manhattan was matron of honor for her sister. Bridesmaids were Miss Shirley Rucka of Malverne; Miss Doris Birn, Flushing; Mrs. Russell Mann of Hicksville and Miss Nancy Coors of Schenectady.

Richard Camp of Freeport, was best man. Ushers were George R. Holland, Samuel R. Higgs of Brooklyn, Gilbert Brinjer of Saugerties, cousin of the bridegroom, and Charles L. Krummel, brother of the bride.

After a reception in Bermuda, Mr. and Mrs. Carnright will reside on East Bedford street, Freeport.

Dr. Broad Speaks At Health Meeting

Accord, Oct. 21 — The recent monthly meeting of the Town of Schoharie Public Health Committee was held in the new Public Health Clinic room with about 18 interested persons present. Following routine business conducted by Miss Mildred Barley, president, Dr. Broad, county health commissioner, was introduced.

Dr. Broad, in an informal talk, explained the meaning of the purpose and the projects undertaken by the county public health organization and said New York State is divided into five public health regions, one of which is the Schoharie region, which includes the town of Schoharie and the town of Schoharie.

Dr. Broad said on January 1, 1949, the State Public Health Organization and put under control of the state health commission, a board of health composed of physicians and laymen in the field.

He went on to add that the health supervisor all the health projects and promotes such projects as health education in the home, school medical rehabilitation, of tuberculosis patients, supervision of sanitation and dental hygiene, and well-baby clinics under the supervision of a staff of doctors assisted by 18 nurses.

Through health education, the speaker pointed out, communicable diseases have been more effectively brought under control by their diagnosis and cooperation in voluntary quarantine. The child health clinics have become so successful that they are needed and can be cured by private physicians.

Dr. Broad stated that due to the increase in the metropolitan area, the town of Schoharie has a population of 100,000 persons but only one doctor and one nurse. He said that the town of Schoharie has a population of 100,000 persons but only one doctor and one nurse.

Dr. Broad expressed hope that the high death rate due to cancer will be lowered by the opening of the Schoharie County Tumor Clinic.

The speaker said that in the well-baby clinics of the county, public health nurses have a definite function which is followed by education of parents in the care of their children. He said that the family can take advantage of the services of the public health nurse and not pay for the services of a private nurse.

Dr. Broad explained that the work of the health department is to answer a question and answer period.

A short business meeting followed after which refreshments were served by Mrs. Carl Squibb and her committee.

Milk Firms Split

New York, Oct. 22 (U.P.)—A possible split in management ranks today threatened to complicate last minute efforts to avert a milk strike in the New York metropolitan area. The strike is set for 4 p. m. Monday and would cut off 11,000,000 consumers in parts of three states from their 6,000,000 daily quarts of milk. Up to now, an employer group of six associations has represented 200 companies in bargaining with the A.F.L. Teamsters Union on wages, insurance and pensions. But bitterness over last week's milk price cut flared up yesterday and a sizeable minority of the companies planned to meet today to decide whether to negotiate separately.

18th Year in Business

stock, chairman of the building committee, explained that the board had been forced to proceed slowly for the past several years until it arrived at plans with a reasonable cost. Bid on the first proposal, he said, was \$286,000, double architect's estimates. The second was \$137,000, over the estimates by \$40,000. Cost of the wing now under way was placed at about \$100,000—and it may be ready for occupancy around January 1. With the first floor already in, costs to date have been about \$14,000. As the committee started with a \$51,000 fund and has about \$37,000 remaining, it will be necessary to raise another \$50,000 to complete the construction, it was stated. Contractor Ellsworth McDoyle was given high praise and it was declared that contributors' dollars were going twice as far as previous experience had indicated they would. Benjamin Lonslein, chairman of the finance committee, announced the imminent drive and said that "substantial contributions" will be needed if the goal of \$50,000 will be reached; also another \$25,000 will be needed to equip the wing properly. Treasurer William R. Rose reported cash receipts improved during the first nine months of the year. He said the hospital was rapidly approaching the point where it will be a \$100,000 a year business. President Robert V. Stapleton told of the growth of hospital services. For the period there were 1,020 patients admitted, compared with 876 for the previous period. X-rays numbered 856, an increase of 207; laboratory tests 4,078, an increase of over 500.

George Sherman, lifelong resident of Ulster Heights, was fatally stricken with a heart attack while hauling wood with a team of horses Monday. Mr. Sherman was a son of William H. and Nancy Grimley Sherman of Ulster Heights. He had been a carpenter and was a member of the Ulster Heights Methodist Church. Four sisters survive, Mrs. Ellen Leuber, the Misses Ethel and Alice Sherman of Ulster Heights; three brothers, Eldridge of Ulster Heights, Harold of Lynbrook, L. J., also nephews and nieces.

Nurses' Bargaining
Buffalo, N. Y., Oct. 22. A proposal that the New York Nurses Association bargain collectively for its members was defeated at the organization's convention. Reference to collective bargaining was deleted before the American Nurses Association called economic security provisions approved at the final session yesterday. Mrs. Younger Ward of Syracuse, chairman of the steering committee, said: "Although the debate has been bitter, I think a tremendous amount of interest has been aroused."
